Southeast, Inc. Service Descriptions

1. Counseling and Assessment Services

The Adult and Family, SMD Outpatient Services, and Older Adult Programs provide a range of services which include diagnostic assessment, group, individual, and family counseling and psychotherapy, and alcohol and other drug recovery services. Counseling and psychotherapy services provide adult clients with assistance to improve functioning, to ease emotional pain, and to enhance relationships. Clients may receive individual, group, family, and/or couples counseling. The Adult and Family Program specializes in short-term therapeutic approaches, solution oriented treatment, and group therapy.

2. Emergency Services (Urgen+(04)

The Southeast Emergency Services Program is a 24-hour drop-in/hot line service for persons 18 years of age and older who seek assistance or support with an emotional or psychiatric crisis. Presenting problems may include domestic violence, substance abuse, interpersonal or marital conflicts, depression, lethality, anxiety, acute psychotic episodes, daily living crises, etc. Young people under 18 years of age may be served in a family context or may be stabilized until a linkage (emergency or scheduled) can be made with the child and youth System of Care.

Services provided to clients include crisis intervention, diagnostic assessment, medication/somatic evaluation and stabilization, and pre-hospitalization and hospitalization screening services. Brief, ongoing crisis intervention services may be provided to achieve or maintain stability. Holdover capacity is available for 24-hour assessments, monitoring, and 'stabilization. Southeast Emergency Services are available to current clients as well as any franklin County adult resident.

3, Case Management and Community Support

Community Treatment Teams (CTTs) provide a range of services to clients. Most are delivered within the context of case management/community support. The goal of services is to assist and support the individual with successful community living. The various activities build upon the strengths of clients through assertive outreach, advocacy, linkage, and support. Services occur primarily within the clients' natural environments.

4. Social and Recreational

Friendship House offers social and recreational services and a drop-in social and recreational program and provides such structured activities as bowling, trips to local museums, culturally specific activities, speakers on various topics, concerts and events in the community. During the summer, clients go on trips to Columbus Metro Parks, swimming excursions and other outdoor events.

The YWCA of Columbus provides a supportive, structured, leisure time, recreational fitness program for clients of the mental health system and their case managers. The program, Step-by-Step, includes structured strength building, cardiovascular and flexibility exercises, and relaxed opportunities for social interaction.

Southeast, Inc. Service Descriptions, FY 1996

Mental Health and Alcohol and Other Drug (AOD) Education and Consultation services are available to all population groups served at Southeast and to residents of the Franklin County Community. Over the years Southeast has developed expertise in such areas as meeting the mental health needs of individuals involved in the criminal Justice system and educating high-risk groups on techniques to prevent the spread of the HIV infection and serving those affected or afflicted with HIV.

6. Community Residential

Southeast leases six apartments in the community and sublets these apartments to clients who are homeless and unable to secure housing in the short-term. Each apartment offers housing for up to two clients; each clients is expected to pay up to one-half of the rent each month (allowing for clients' total income). Those who are eligible for entitlements (but not yet approved) are expected to work with the Shared Apartment Manager (and or case manager) toward meeting eligibility requirements.

7. Crisis Housing

Homeless clients in acute psychiatric atsis are eligible for admission to Carpenter House, a residential arisis stabilization and treatment facility (other mental health service). Clients reside at Carpenter House until they become stabilized and appropriate housing and entitlements have been secured for them. Upon admission to the program, those who are not receiving case management from an ADAMH system agency are linked with a psychiatrist for medication assessment and treatment and to a case manager for linkage, advocacy, and support services. Carpenter House staff provide residents with intensive arisis stabilization, supportive and problem-solving counseling, a safe living environment, experiential education (habilitation), and additional services. Clients within Carpenter House are encouraged to provide input on social, recreational, educational, and monitoring activities.

8. Older Adult Residential

Parker Morrow House and Hariley Residence are shared living facilities for older adults. The focus of these facilities is the prevention of premature nursing home placement. Residents require some personal support and housekeeping assistance. These homes promote good mental health by offering companionship that may decrease loneliness and depression. Most residents have some physical health problems and limited cognitive deficits. The residents maintain their interests and social contacts.

9. Psychiatric Services

Southeast psychiatrists and nurses in the Medical Department provide psychiatric and medical services. The Medical Department functions as an integrated, adjunctive component of other clinical programs to ensure delivery of coordinated, comprehensive mental health services. Physicians schedule psychiatric time for routine and emergency treatment; nurses are continuously available during agency hours. Medical services may include assessment, medication evaluation and treatment, education, hospital evaluation, and medication maintenance.

10. Other Mental Health Services

SOUTHEVST VANTA.

Project Liaison is an "other mental service," charged to reach out, identify, and provide crisis intervention to persons who are homeless and in need of mental health services. Specifically, Project Liaison responds to requests and referrals from a multitude of community agencies, public safety officials, churches, store owners and others to assess, treat, and link persons to mental health and other community based services.

The Mobile Psychiatric Outreach Project is an "other mental service" within the Homeless Program. It provides aggressive case finding, psychiatric evaluation, stabilization and treatment, and limited medical care, to homeless clients in their natural environments, which may include homeless shelters, and the streets.

Southeast provides other mental health services on-site within the Franklin County Corrections Centers through placement of two full-time staff members, one at FCCCI and the other at FCCCII. These staff interview and assess inmates who present or demonstrate a need for mental health and alcohol and other drug services and provide crisis intervention services as appropriate.

Project Work targets consumers who have interests in pursuing part-time, and periodic employment. Consumers are able to specify the number of hours and days they wish to work. The Project Work program is specifically designed to serve those who are not interested in traditional employment training opportunities. However, it is a goal of Project Work to refer consumers to community vocational programming, training, or competitive employment. Project Work has succeeded in employing those who cannot function in more structured, formal vocational training or employment programs. Consumers with significant functional impairments have enjoyed the rewards of working.
